

# 2019 ISTE AFFILIATE MEMBERSHIP

ISTE affiliates comprise a vibrant network of professional nonprofit membership organizations that share our mission. We work together to lead the transformation of education in our communities, provide leadership and professional learning for our members, and advocate with and on behalf of educators.

ISTE affiliates are autonomous organizations that support ISTE's mission and collaborate with ISTE as outlined in an annual affiliate agreement. ISTE is working to offer greater engagement opportunities which will be developed and piloted during 2019.

Affiliates may choose from two levels of membership for the 2019 program year:

### Premier – \$900 USD annual dues

Premier affiliates actively collaborate with ISTE and other affiliates on mission-driven initiatives, professional learning, marketing and organizational growth endeavors. Premier affiliates receive a robust menu of benefits and are offered collaborative opportunities not extended to associate affiliates. Any affiliate that employs an executive director or CEO will function as a premier affiliate.

### Associate – \$500 USD annual dues

Associate affiliates maintain a connection with ISTE to stay informed about trends and advances in the field of ed tech; to network with other affiliates; and to work together with ISTE and/or other affiliates to effect change in their regions. Associates are offered a basic menu of program benefits.
